EDUCATION

University of California, Berkeley – Berkeley, CA

Bachelor of Science in Computer Science

Expected Graduation Date: May 2024

Cummulative GPA: 3.90/4.00

- Relevant coursework: User-Centered Design Principles, Interactive Design and Prototyping, Visual Design and Branding

SKILLS

- Languages: HTML, CSS, JavaScript, XML, Python
- Tools: Adobe XD, Sketch, Figma, InVision, Illustrator

EXPERIENCES

UX/UI Design Intern

DesignTech Innovations | San Jose, CA | Jan 2023-Mar 2023

- Led the redesign of a mobile app, resulting in a 30% increase in user engagement
- Conducted user research and usability testing, gathering insights to refine design solutions
- Collaborated with developers to ensure design fidelity and seamless implementation

Research Assistant

UC Berkeley Design Lab | Oakland, CA | Sep 2022-Dec 2022

- Developed a prototype for an accessible web platform, catering to users with disabilities
- Conducted A/B testing on various design elements, optimizing for user conversion rates
- Presented a workshop on 'Trends in Modern UX/UI Design' to students and faculty

Design Intern

WebFlow Studios | San Francisco, CA | Jun 2022-Aug 2022

- Assisted in creating wireframes and mockups for a new e-commerce website
- Developed interactive prototypes to gather feedback from stakeholders
- Collaborated with the marketing team to align designs with brand guidelines

PROJECTS

Health and Fitness App

- Designed an intuitive user interface for a health tracking app, prioritizing user goals and tasks
- Implemented gamification elements to motivate users and enhance engagement

Health and Fitness App

- Developed a user-friendly dashboard for students and instructors, streamlining course navigation and interaction
- Designed interactive quizzes and multimedia elements to enhance the learning experience
