

# Intern Connect

## AI Engineer

(123) 456-789 | internconnect@gmail.com

Github: [www.github.com/internconnect](https://www.github.com/internconnect)

## EDUCATION

---

### University of California, Berkeley – Berkeley, CA

*Bachelor of Science in Computer Science*

Expected Graduation Date: May 2024

Cummulative GPA: 3.90/4.00

- Relevant coursework: Data Visualization and Reporting, Statistical Analysis for Business, Database Management Systems

## SKILLS

---

- Languages: SQL, Python, R, Java, VBA
- Tools: Tableau, Power BI, QlikView, SSRS, Excel PivotTables

## EXPERIENCES

---

### BI Trainee

*MarketSolutions Corp. | Berkeley, CA | Jan 2023-Mar 2023*

- Assisted in the migration of BI tools, ensuring zero downtime and data integrity
- Designed custom reports in SSRS to meet specific departmental needs
- Conducted market research and competitive analysis, influencing product development strategies

### Data Analyst Assistant

*UC Berkeley Research Center | Oakland, CA | Sep 2022-Dec 2022*

- Analyzed student performance data, providing actionable insights to improve curriculum effectiveness
- Automated monthly reporting processes using Python, saving 20 hours of manual work each month
- Presented data-driven recommendations to university leadership, influencing key policy decisions

### BI Intern

*DataDriven Inc. | San Francisco, CA | Jun 2022-Aug 2022*

- Developed interactive dashboards in Tableau, providing insights that drove a 10% increase in sales
- Collaborated with the data engineering team to clean and preprocess raw data for analysis
- Conducted A/B testing on marketing campaigns, leading to a 15% increase in conversion rates

## PROJECTS

---

### Sales Forecasting Model

- Developed a predictive model using historical sales data, achieving 90% accuracy in forecasts
- Integrated the model with Power BI, providing real-time sales projections to stakeholders

### Sales Forecasting Model

- Utilized clustering algorithms to segment customers based on purchasing behavior
- Provided targeted marketing strategies for each segment, resulting in a 12% increase in customer retention
