EDUCATION

University of California, Berkeley – Berkeley, CA

Bachelor of Science in Computer Science

Expected Graduation Date: May 2024

Cummulative GPA: 3.90/4.00

• Relevant coursework: Software Testing and Quality Assurance, Automated Testing Techniques, Performance and Load Testing

SKILLS

• Languages: Python, Java, SQL, JavaScript, Ruby
• Tools: Selenium, JIRA, TestNG, LoadRunner, Postman

EXPERIENCES

QA Trainee

WebSolutions Corp. | San Jose, CA | Jan 2023-Mar 2023

• Performed load and stress testing to ensure system reliability and scalability
• Documented test cases and results in a centralized test management system
• Assisted in setting up a CI/CD pipeline with integrated automated tests

Research Assistant

UC Berkeley QA Lab | Oakland, CA | Sep 2022-Dec 2022

• Conducted research on continuous integration and continuous testing methodologies
• Developed a prototype for a cloud-based testing environment
• Presented a workshop on 'Modern QA Practices and Tools' to students and faculty

QA Intern

QualitySoft Inc. | San Francisco, CA | Jun 2022-Aug 2022

• Developed automated test scripts using Selenium, increasing test coverage by 25%
• Collaborated with the development team to reproduce and document bugs
• Participated in agile ceremonies, providing feedback on feature requirements and design

PROJECTS

E-commerce Platform Testing

• Designed a comprehensive test suite for an e-commerce platform, ensuring smooth user transactions
• Identified critical performance bottlenecks and collaborated with developers for optimization

E-commerce Platform Testing

• Developed automated tests for RESTful APIs using Postman and Newman
• Integrated API tests with the build process, ensuring consistent API behavior with each release
