Intern Connect

AI Engineer

(123) 456-789 | internconnect@gmail.com
Github: www.github.com/internconnect

EDUCATION

University of California, Berkeley – Berkeley, CA

Bachelor of Science in Computer Science

Expected Graduation Date: May 2024

Cummulative GPA: 3.90/4.00

• Relevant coursework: Advanced Neural Networks, Machine Learning Algorithms, Natural Language Processing

SKILLS

• Languages: Python, Java, C++, R, SQL
• Tools: TensorFlow, PyTorch, Keras, OpenCV, Scikit-learn

EXPERIENCES

Data Science Intern

TechCorp Solutions | Mountain View, CA | Jan 2023-Mar 2023

• Designed regression models that improved sales forecasting accuracy by 15%
• Utilized advanced analytics to enhance app UX, leading to a 20% increase in user retention
• Automated data cleaning, saving over 100 man-hours per month

Research Assistant

Stanford AI Lab | Stanford, CA | Sep 2022-Dec 2022

• Pioneered research on GANs, resulting in a novel image synthesis technique
• Co-authored a paper on 'Efficient Transformers for NLP', accepted in a top-tier AI conference
• Presented research findings to an audience of over 500 at the National AI Conference

Machine Learning Intern

AI Innovations | Palo Alto, CA | Jun 2022-Aug 2022

• Led the development of a recommendation system, improving user engagement by 25%
• Optimized deep learning models, reducing inference time by 40%
• Collaborated with a team to preprocess and handle datasets of over 10TB

PROJECTS

Smart Home Automation System

• Pioneered a voice recognition system, achieving 98% accuracy in command recognition
• Seamlessly integrated with multiple IoT devices, enabling real-time monitoring and control from a single interface

Smart Home Automation System

• Developed a deep learning model with 95% accuracy in classifying user reviews
• Successfully deployed the tool as a scalable web application, garnering over 10,000 active users in the first month
